

## Students Feedback (2021-22)

### Sikkim Government Collage, Namchi

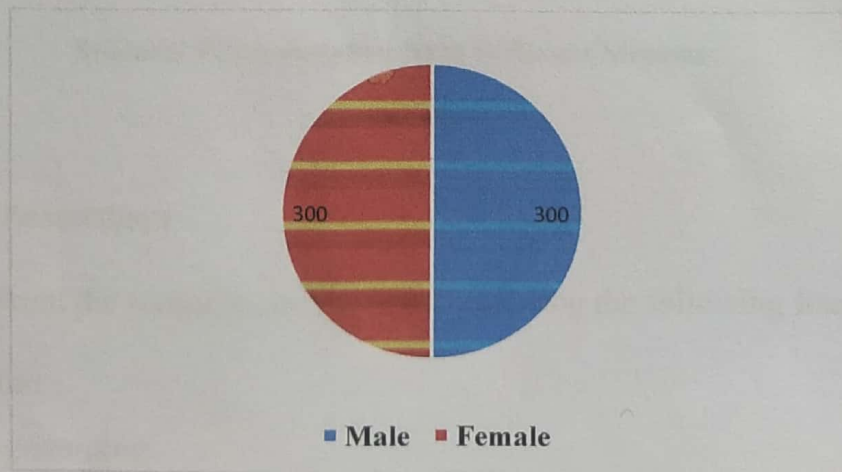

#### 1.1 Introduction

Students' feedback for the year 2021-22 was conducted on **600 samples**, including students from all three streams (B.A., B.Sc. and B. Com) selected on the basis of simple random sampling. The questionnaire for the feedback has been framed on the basis of NAAC guidelines. The objective of student's feedback was to measure the student's level of satisfaction on their experiences with regards to curriculum, teaching-learning, administration and infrastructure. The survey was conducted during odd semester through offline mode. Analysis and interpretation of the data obtained are presented below;

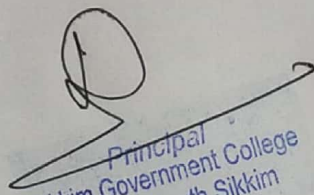

#### 1.2. Students Profile:

##### 1.2.1. Gender-Wise Distribution

Equal numbers of participants were selected for the feedback process i.e., 300 male and 300 female.

Gender-Wise Distribution

### 1.2.2. Students Representation from Different Streams

As mentioned above students representation from all three streams were selected. Looking to the enrolment in each stream the following numbers of participants were selected;

Stream	Number of Participants		
	Female	Male	Total
B.A.	175	175	350
B.Sc.	75	75	150
B.Com	50	50	100

**Students Representation from Different Streams**

### 1.3. Areas of Assessment

The feedback from the students was gathered regarding the following four areas;

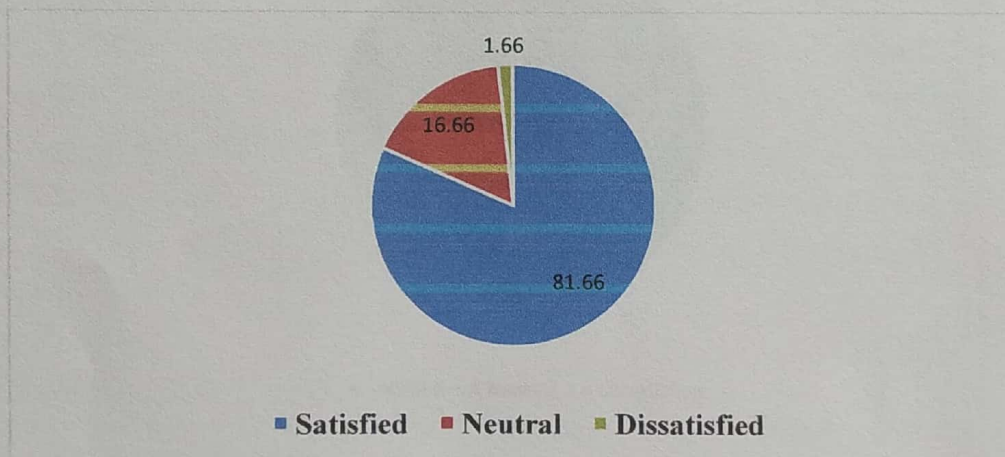

1. Curriculum
2. Teaching-learning
3. Administration and
4. Infrastructure

### 1.3.1. Students Feedback on Curriculum

#### 1.3.1.1. Curriculum is structured, comprehensive, relevant and arranged properly

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	81.66	16.66	1.66
<b>Female</b>	85	12.66	2.33
<b>Male</b>	78.33	20.66	1

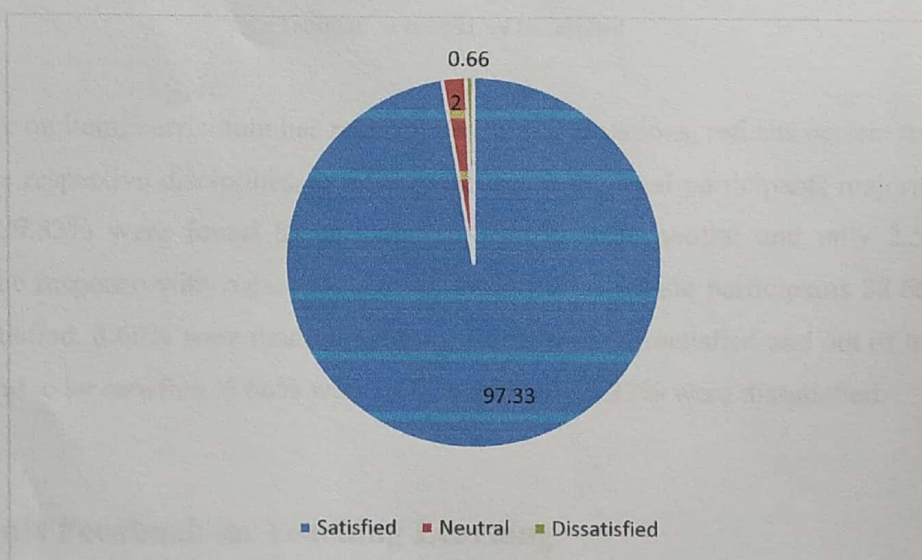

The table above on item; curriculum is structured, comprehensive, relevant and arranged properly, it shows that from the total participants majority of the students i.e., 86.66% were found to be satisfied, 16.66% were neutral and only 1.66% were dissatisfied. The responses with regards to gender, out of total female participants 85% were found to be satisfied, 12.66% were neutral and only 2.33% were dissatisfied and out of total male 78.33% were found to be satisfied, 20.66% were neutral and only 1% were dissatisfied.

**1.3.1.2. Curriculum is effective in developing analytical and problem-solving skills**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	97.33	2	0.66
<b>Female</b>	96.33	2.66	1
<b>Male</b>	98.33	1.33	0.33

**1.3.1.3. Curriculum has relevant to real life situations, reflects current trends and practices in the respective disciplines**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	89.83	7.66	2.5
<b>Female</b>	88.66	8.66	2.66
<b>Male</b>	91	6.66	2.33

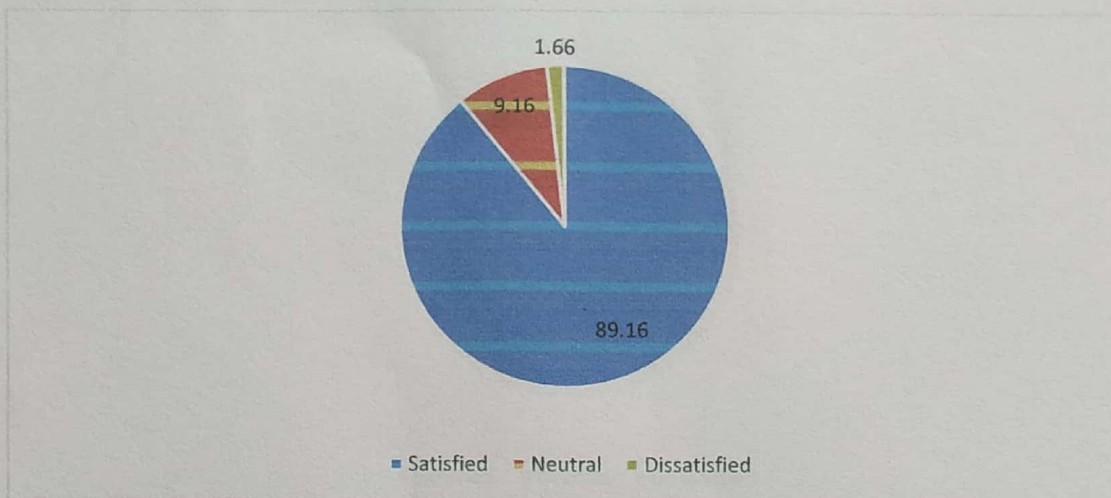

The table above on item; curriculum has relevant to real life situations, reflects current trends and practices in the respective disciplines, it reflects that from the total participants majority of the students i.e., 89.83% were found to be satisfied, 7.66% were neutral and only 2.5% were dissatisfied. The response with regards to gender, out of total female participants 88.66% were found to be satisfied, 8.66% were neutral and only 2.66% were dissatisfied and out of total male 91% were found to be satisfied, 6.66% were neutral and only 2.33% were dissatisfied.

### 1.3.2. Students Feedback on Teaching Learning

#### 1.3.2.1. Faculty comes well prepared in the class

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	89.16	9.16	1.66
<b>Female</b>	90	8.33	1.66
<b>Male</b>	88.33	10	1.66

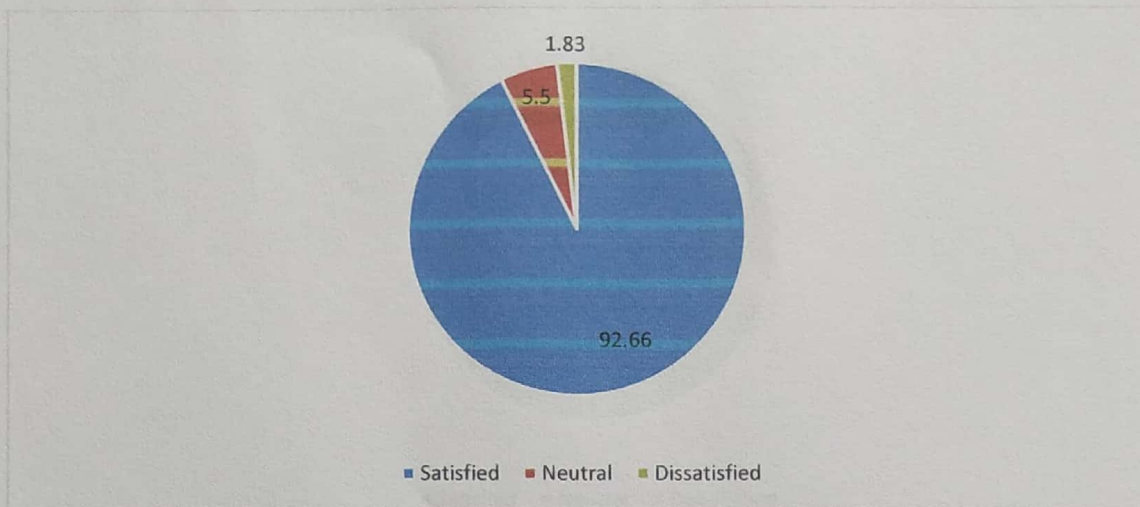

The table above on item; faculty comes well prepared in the class, it reflects that from the total participants majority of the students i.e., 89.16% were found to be satisfied, 9.16% were neutral and only 1.66% were dissatisfied. The response with regards to gender, out of total female participants 90% were found to be satisfied, 8.33% were neutral and only 2.66% were dissatisfied and out of total male 88.33% were found to be satisfied, 10 % were neutral and only 1.66% were dissatisfied.

**1.3.2.2. Faculty gives an updated list of study materials for reference i.e., textbooks, journals etc.**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	92.66	5.5	1.83
<b>Female</b>	93	5.33	1.66
<b>Male</b>	92.33	5.66	2

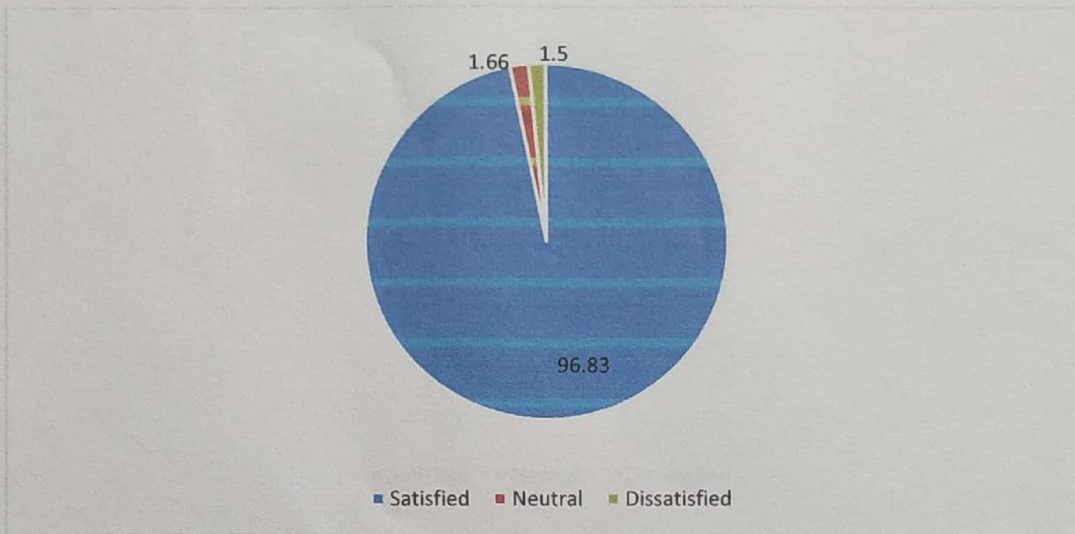

The table and figure above on item; faculty gives an updated list of study materials for reference i.e., textbooks, journals etc., it reflects that from the total participants majority of the students i.e., 92.66% were found to be satisfied, 5.5% were neutral and only 1.83% were dissatisfied. The response with regards to gender, out of total female participants 93% were found to be satisfied, 5.33% were neutral and only 1.66% were dissatisfied and out of total male 92.33% were found to be satisfied, 5.66% were neutral and only 2% were dissatisfied.

### 1.3.2.3. Faculty completes the syllabus in stipulated time

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	96.83	1.66	1.5
<b>Female</b>	97	1.33	1.66
<b>Male</b>	96.66	2	1.33

The table and figure above on item; faculty completes the syllabus in stipulated time, it reflects that from the total participants majority of the students i.e., 96.83% were found to be satisfied, 1.66% were neutral and only 1.5% were dissatisfied. The response with regards to gender, out of total female participants 97% were found to be satisfied, 1.33% were neutral and only 1.66% were dissatisfied and out of total male 96.66% were found to be satisfied, 2% were neutral and only 1.33% were dissatisfied.

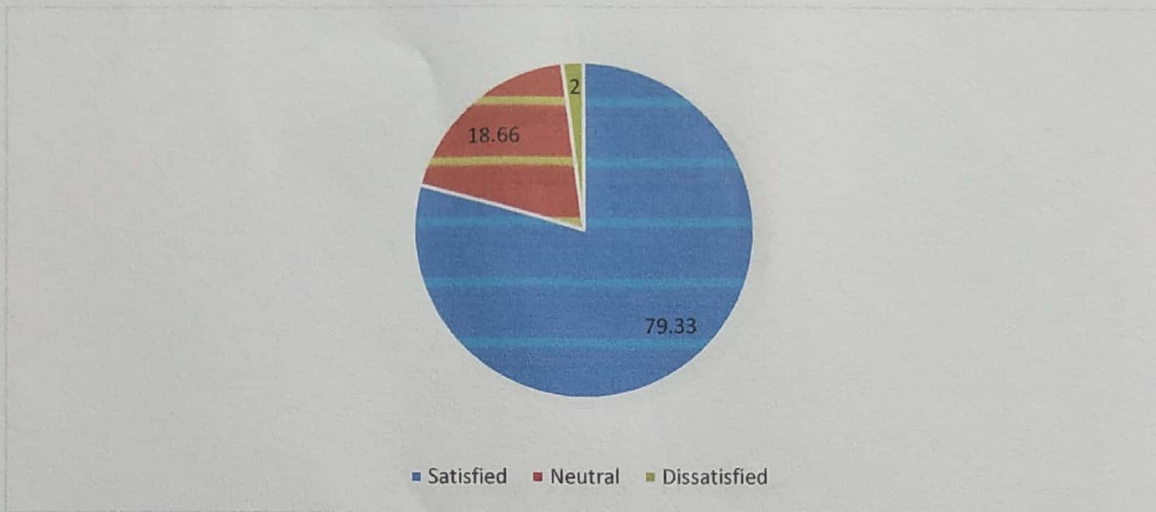

### 1.3.3. Students Feedback on College Administration

#### 1.3.3.1. Is fairness and transparency in all academic decisions maintained?

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	79.33	18.66	2
<b>Female</b>	77	21.66	1.33
<b>Male</b>	81.66	15.66	2.66

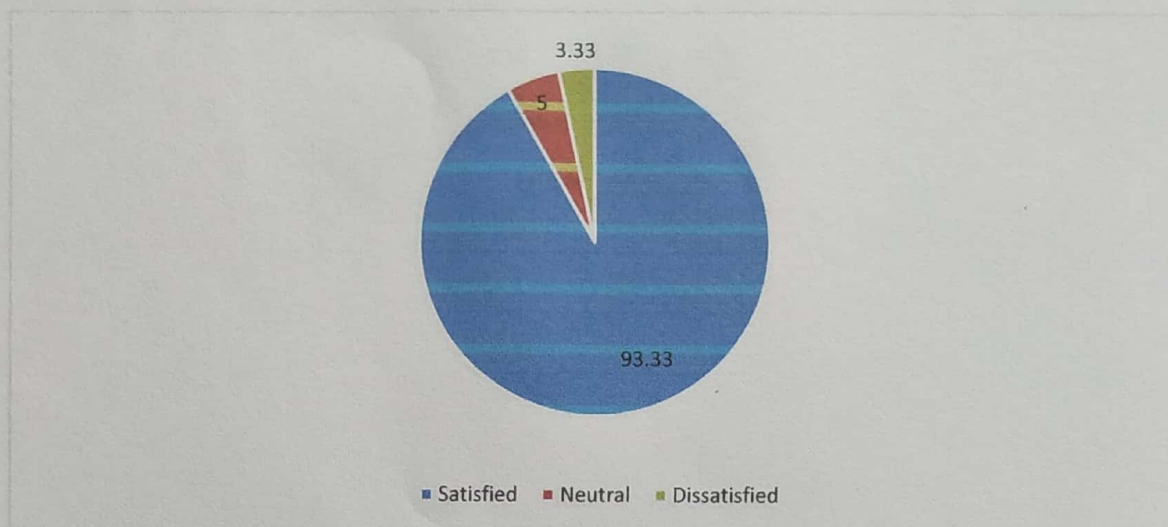

The table and figure above on item; is fairness and transparency in all academic decisions maintained?, it shows that from the total participants majority of the students i.e., 79.33% were found to be satisfied, 18.66% were neutral and only 2% were dissatisfied. The response with regards to gender, out of total female participants 77% were found to be satisfied, 21.66% were neutral and only 1.33% were dissatisfied and out of total male 81.66% were found to be satisfied, 15.66% were neutral and only 2.66% were dissatisfied.

### 1.3.3.2. Proper assistance and guidance are given at the time of Admission/Registration?

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	93.33	5	3.33
<b>Female</b>	93	5.33	1.66
<b>Male</b>	93.66	4.66	1.66

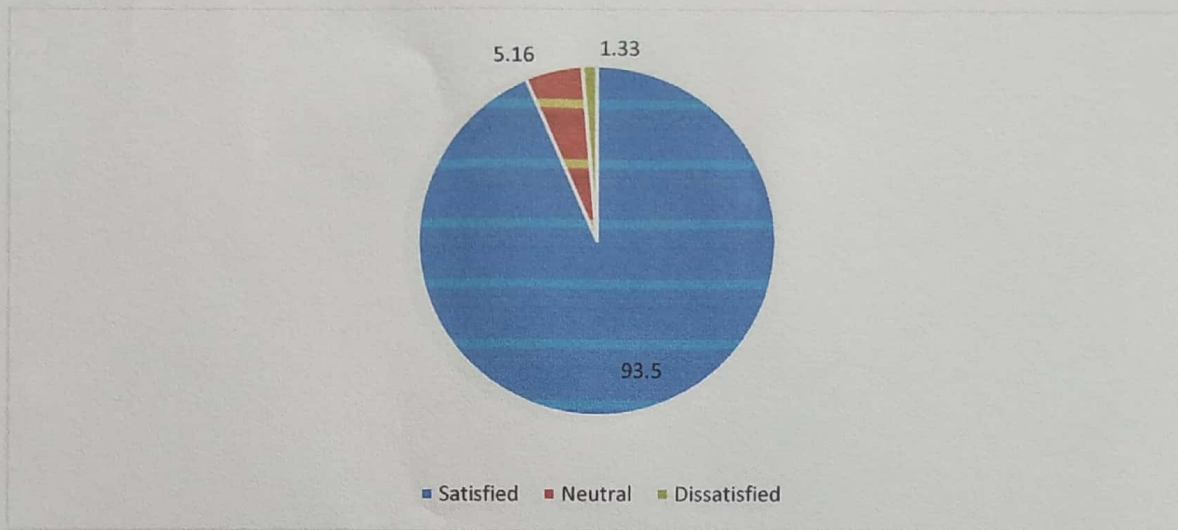

The table and figure above on item; proper assistance and guidance are given at the time of admission/registration?, it indicates that from the total participants majority of the students i.e., 93.33% were found to be satisfied, 5% were neutral and only 3.33% were dissatisfied. The response with regards to gender, out of total female participants 93% were found to be satisfied, 5.33% were neutral and only 1.66% were dissatisfied and out of total male 93.66% were found to be satisfied, 4.66% were neutral and only 1.66% were dissatisfied.

### 1.3.3.3. Library timing is adequate

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	93.5	5.16	1.33
<b>Female</b>	93.66	5	1.33
<b>Male</b>	93.33	5.33	1.33

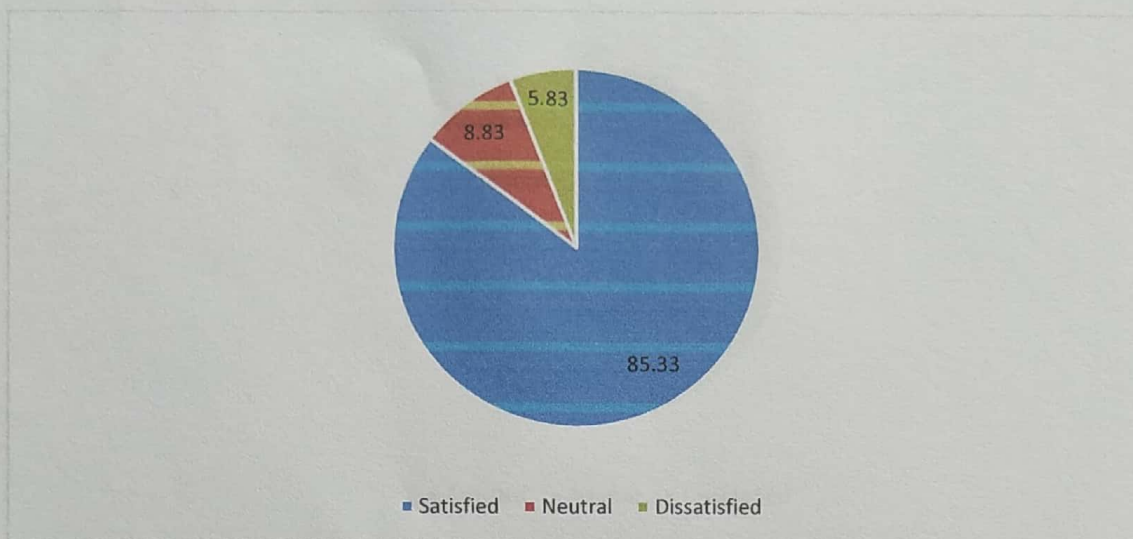

The table and figure above on item; library timing is adequate, it indicates that from the total participants majority of the students i.e., 93.5% were found to be satisfied, 5.16% were neutral and only 1.33% were dissatisfied. The response with regards to gender, out of total female participants 93.66% were found to be satisfied, 5% were neutral and only 1.33% were dissatisfied and out of total male 93.33% were found to be satisfied, 5.33% were neutral and only 1.33% were dissatisfied.

**1.3.3.4. Are the laboratories properly maintained for healthy learning?**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	85.33	8.83	5.83
<b>Female</b>	84	9.33	6.66
<b>Male</b>	43.33	8.33	5

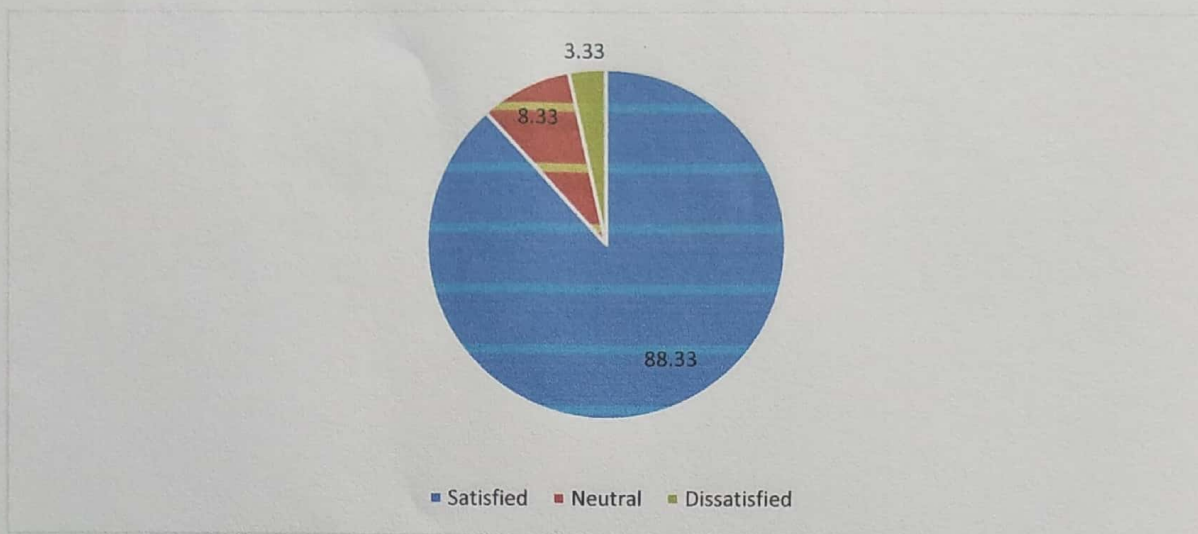

The table and figure above on item; are the laboratories properly maintained for healthy learning?, it indicates that from the total participants majority of the students i.e., 85.33% were found to be satisfied, 8.83% were neutral and only 5.83% were dissatisfied. The response with regards to gender, out of total female participants 84% were found to be satisfied, 9.33% were neutral and only 6.66% were dissatisfied and out of total male 43.33% were found to be satisfied, 8.33% were neutral and only 5% were dissatisfied.

**1.3.3.5. Intra and inter institutional activities/ events/ games are organize in your institution**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	88.33	8.33	3.33
<b>Female</b>	88.66	7	4.33
<b>Male</b>	88	9.66	2.33

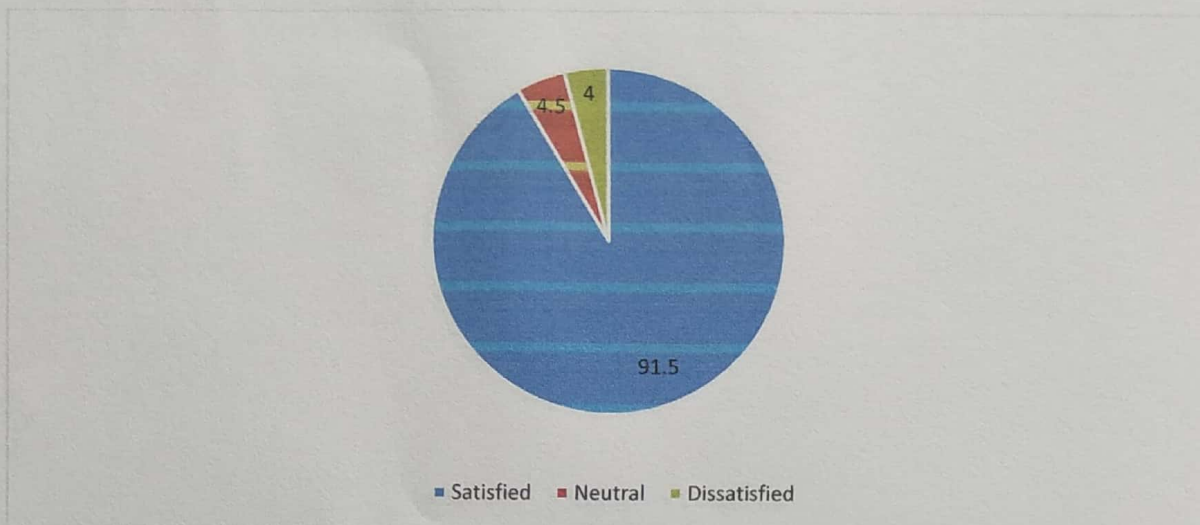

The table and figure above on item; intra and inter institutional activities/ events/ games are organize in your institution, it indicates that from the total participants majority of the students i.e., 88.33% were found to be satisfied, 8.33% were neutral and only 3.33% were dissatisfied. The response with regards to gender, out of total female participants 88.66% were found to be satisfied, 7% were neutral and only 4.33% were dissatisfied and out of total male 88% were found to be satisfied, 9.66% were neutral and only 2.33% were dissatisfied.

### 1.3.3.6. Examinations are conducted in fair, disciplined and organized manner

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	91.5	4.5	4
<b>Female</b>	91.66	5	3.33
<b>Male</b>	91.33	4	4.66

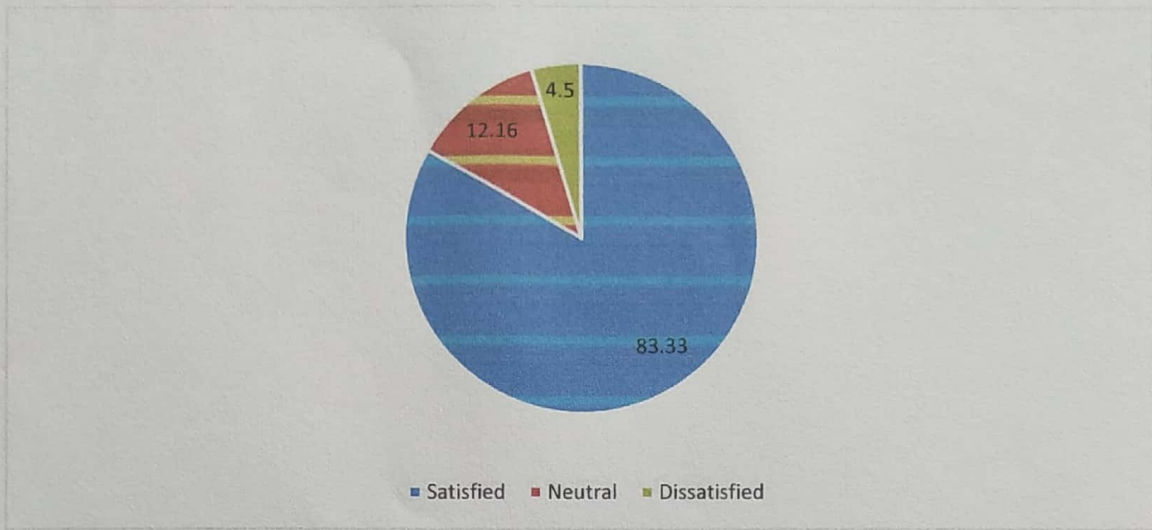

The table and figure above on item; examinations are conducted in fair, disciplined and organized manner, it reflects that from the total participants majority of the students i.e., 91.5% were found to be satisfied, 4.5% were neutral and only 4% were dissatisfied. The response with regards to gender, out of total female participants 91.66% were found to be satisfied, 5% were neutral and only 3.33% were dissatisfied and out of total male 91.33% were found to be satisfied, 4% were neutral and only 4.66% were dissatisfied.

**1.3.3.7. The internal evaluation system is effective, without any discrimination and prejudices**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	83.33	12.16	4.5
<b>Female</b>	82.66	13	4.33
<b>Male</b>	84	11.33	4.66

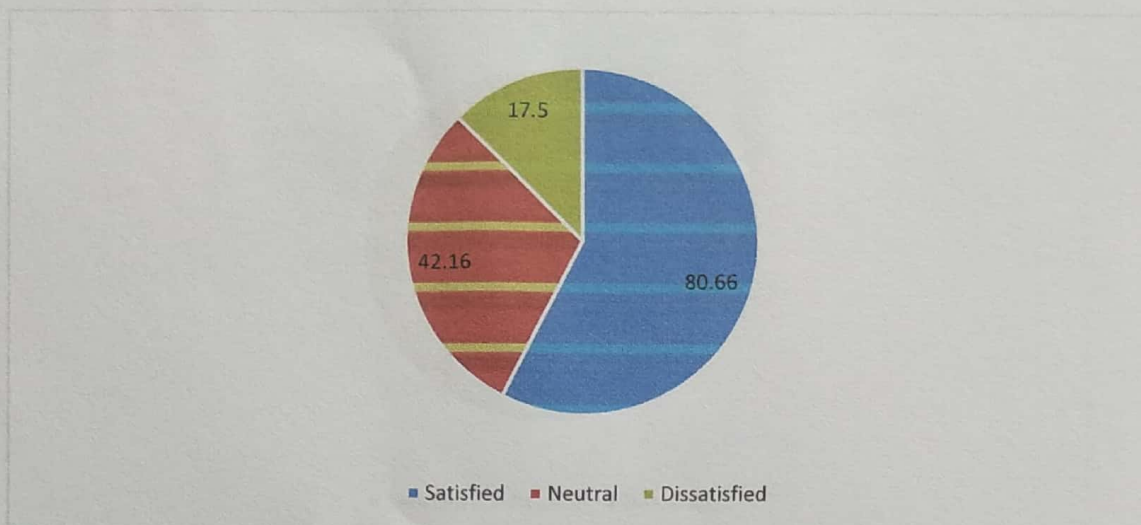

The table and figure above on item; the internal evaluation system is effective, without any discrimination and prejudices, it reflects that from the total participants majority of the students i.e., 83.33% were found to be satisfied, 12.16% were neutral and only 4.5% were dissatisfied. The response with regards to gender, out of total female participants 82.66% were found to be satisfied, 13% were neutral and only 4.33% were dissatisfied and out of total male 84% were found to be satisfied, 11.33% were neutral and only 4.66% were dissatisfied.

### 1.3.4. Students Feedback on Infrastructure

#### 1.3.4.1. Is Internet facility available for downloading or reading materials?

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	40.33	42.16	17.5
<b>Female</b>	36.66	43.33	20
<b>Male</b>	44	41	15

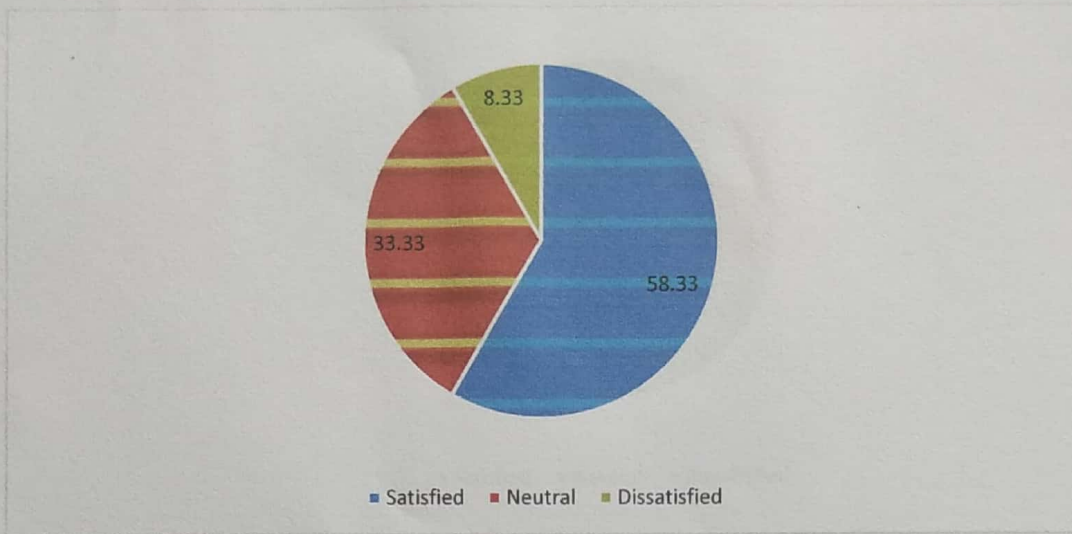

The table and figure above on item; is internet facility available for downloading or reading materials?, it reflects that from the total participants majority of the students i.e., 42.16% were neutral, 40.33% were found to be satisfied and 17.5% were dissatisfied. The response with regards to gender, out of total female participants 36.66% were found to be satisfied, 43.33% were neutral and 20% were dissatisfied and out of total male 44% were found to be satisfied, 41% were neutral and 15% were dissatisfied.

**1.3.4.2. Is there proper availability of updated text book/reference books/general knowledge books/CET books?**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	58.33	33.33	8.33
<b>Female</b>	53	37.33	9.66
<b>Male</b>	63.66	29.33	7

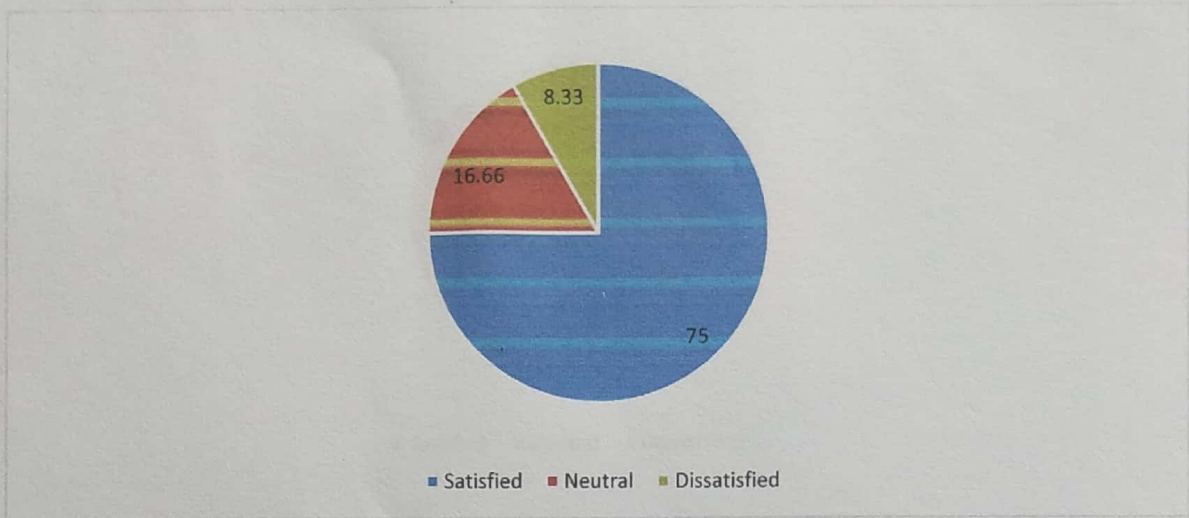

The table and figure above on item; is there proper availability of updated text book/reference books/general knowledge books/CET books?, it reflects that from the total participants majority of the students i.e., 58.33% were found to be satisfied, 33.33% were neutral and only 8.33% were dissatisfied. The response with regards to gender, out of total female participants 53% were found to be satisfied, 37.33% were neutral and only 9.66% were dissatisfied and out of total male 63.66% were found to be satisfied, 29.33% were neutral and only 7% were dissatisfied.

**1.3.4.3. Classrooms are equipped with LCD projectors to facilitate teaching and learning?**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	75	16.66	8.33
<b>Female</b>	76	15	9
<b>Male</b>	74	18.33	7.66

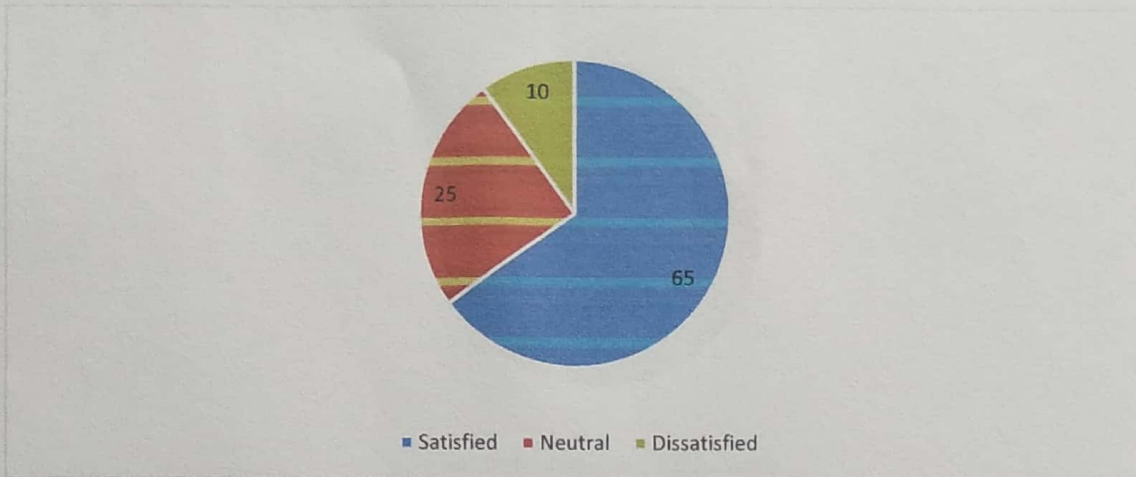

The table and figure above on item; classrooms are equipped with LCD projectors to facilitate teaching and learning?, it reflects that from the total participants majority of the students i.e., 75% were found to be satisfied, 16.66% were neutral and only 8.33% were dissatisfied. The response with regards to gender, out of total female participants 76% were found to be satisfied, 15% were neutral and only 9 % were dissatisfied and out of total male 74% were found to be satisfied, 18.33% were neutral and only 7.66% were dissatisfied.

**1.3.4.4. Are the computer labs accessible as and when required?**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	65	25	10
<b>Female</b>	63	28	9
<b>Male</b>	67	22	11

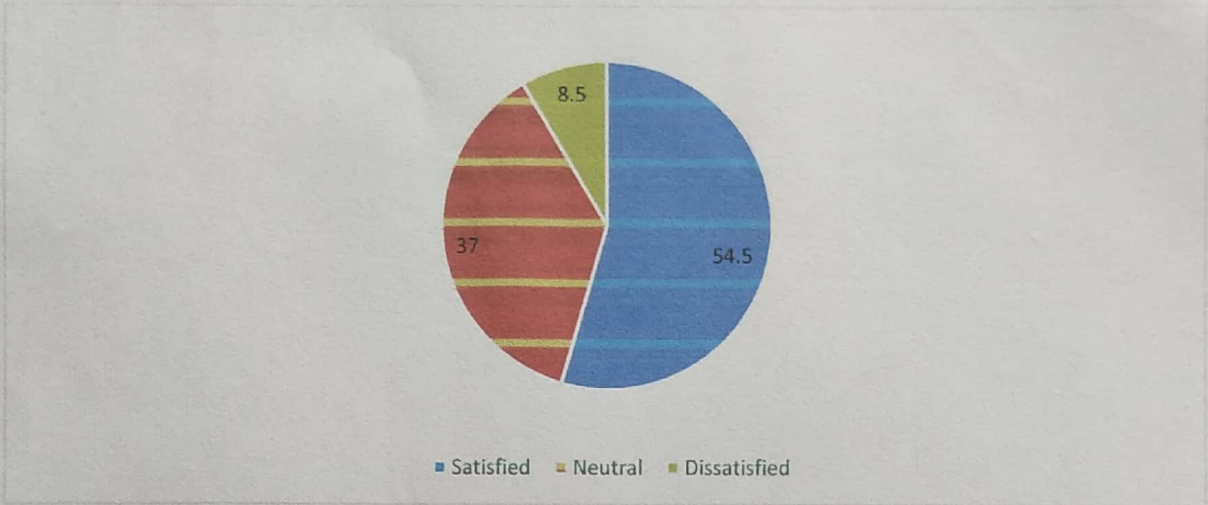

The table and figure above on item; are the computer labs accessible as and when required?, it reflects that from the total participants majority of the students i.e., 65% were found to be satisfied, 25% were neutral and only 10% were dissatisfied. The response with regards to gender, out of total female participants 63% were found to be satisfied, 28% were neutral and only 9% were dissatisfied and out of total male 67% were found to be satisfied, 22% were neutral and only 11% were dissatisfied.

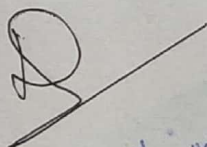

**1.3.4.5. Quality of food provided in college cafeteria/canteen is good and hygienic**

	Satisfied	Neutral	Dissatisfied
<b>Total</b>	54.5	37	8.5
<b>Female</b>	57.33	35	7.66
<b>Male</b>	51.66	39	9.33

The table and figure above on item; quality of food provided in college cafeteria/canteen is good and hygienic, it reflects that from the total participants majority of the students i.e., 54.5% were found to be satisfied, 37% were neutral and only 8.5% were dissatisfied. The response with regards to gender, out of total female participants 57.33% were found to be satisfied, 35% were neutral and only 7.66% were dissatisfied and out of total male 51.66% were found to be satisfied, 39% were neutral and only 9.33% were dissatisfied.
